

# Take a STAND for those without a *voice!*

President Barack Obama promised to sign one of the most radical pieces of abortion legislature in history, FOCA (Freedom of Choice Act). With a stroke of his pen, this will be the new reality in the United States:

- girls of **any age** could have abortions WITHOUT the *knowledge or consent* of their parents
- taxpayers would fund abortions (even **Catholic** taxpayers!)
- over 550 state and federal laws regulating abortion would be *overturned*
- there would be *no requirements* to tell women seeking abortions about the *risks to their health* associated with abortion or the *pain their baby will feel* during an abortion
- women could abort their babies at any stage of their pregnancies, **even up to their full term**
- medical professionals would be forced to perform abortions, *regardless of their moral objection*
- **faith-based hospitals** that accept federal funding would be forced to provide abortion services
- **born-alive infants** surviving abortions would have *no legal rights* and will be left to die

The majority of our legislature is pro-choice, so **without your voice**, FOCA will become law and **millions more babies will die**. We must act NOW. Here's how you can help:

- **PRAY**. Every Day. For our President. For our legislators. For the unborn.
- Print out and sign the petition **against** FOCA [www.nrlc.org](http://www.nrlc.org) and get others to sign it as well.
- Tell everyone you know about FOCA and how they can take an active role in fighting it (friends, family, co-workers, club members, parents, etc.)
- Write and call your senators and representatives and tell them you **oppose FOCA**.
